New to the industry? Attend this 2-day seminar and receive an overview of the residential loan origination process. This course is also an excellent review for the initial licensing exam. You will learn your role as a loan originator from completing the loan application to actually processing the loan. Specific contents include Fannie Mae and Freddie Mac guidelines, conforming versus non-conforming loans, basic terminology and tips for success. The course will also dedicate two hours to cover Wisconsin state law as it applies to the mortgage industry. **You can take this course to complete your 16 hours of continuing education OR as a prep course for the initial licensing exam.**
